

VG is a National Guard Bureau sponsored exercise w/ State, Local, Federal and civilian partners.

Scenario Initial damage estimates from a 6.3 Mw earthquake Northeast of Helena suggest loss of life and destruction of property in Lewis and Clark, Jefferson, and Broadwater Counties. Critical infrastructure including roads, rails, power grids, water, sewage, and gas lines have all been significantly disrupted. Hazardous material incidents are also being reported. Hundreds of victims require medical treatment.

Goal is to enhance mutual emergency coordination, response, and recovery
